### How Western Murray Irrigation's fees and charges are determined

Western Murray Irrigation reviews all fees and charges annually or as required, based on budget recommendations. Generally, fixed fees and charges are determined to recover the cost of maintaining and operating WMI's infrastructure. All service requests, including connection or disconnection works, are generally determined to recover the cost of the activity. Customers can provide feedback on fees by contacting WMI's office on (03) 50274 953.

### Interest

Interest will be applied to any fees and charges that remain outstanding after the due date. The interest rate, per section 356 of the Water Management Act 2000 (NSW) is: -

- In respect of the period from 1 January to 30 June in any year—the rate that is 6% above the cash rate last published by the Reserve Bank of Australia before that period commenced; and
- In respect of the period from 1 July to 31 December in any year—the rate that is 6% above the cash rate last published by the Reserve Bank of Australia before that period commenced.

### Dispute Resolution

At Western Murray Irrigation we are committed to providing high-quality water services and maintaining a transparent, fair, and efficient process for resolving any disputes or concerns you may have. If you wish to dispute your invoice the first step is to contact our customer service team on (03) 50274 953.
